Day 1: Networking & Communication

1. Networking Fundamentals
2. IP Addressing
3. DNS Mechanism
4. Client-Server Model
5. Forward & Reverse Proxies
6. Load Balancing
7. API Gateway
8. Content Delivery Networks (CDN)

Day 2: Protocols

1. Protocol Introduction
2. TCP & UDP
3. HTTP (Web Backbone)
4. REST & API Design
5. Real-Time Communication
6. gRPC & GraphQL

Day 3: Architectural Patterns

1. Pattern Introduction
2. Software Architecture Styles
3. Multi-Tier Architecture
4. Micro-services
5. Event-Driven Design

Day 4: Web Concepts

1. Web Essentials
2. Web Sessions & State
3. Data Serialization
4. CORS & Web Security

10:48

2.90 KB/s 2.90 KB/s VoLTE 4G 26

Day 5: Scalability

1. Scalability Concepts
2. Horizontal & Vertical Scaling
3. Load Balancing Algorithms
4. Cloud Autoscaling
